

Noronto Reunion 2022

Guide to Using PDF Registration Form

The PDF Registration Form has been created with a number of advanced features which may or may not be supported by the programs on your computer capable of opening PDF files. All features are supported by **Adobe Acrobat** or **Adobe Acrobat Reader** which are recommended for use with the Registration Form.

Adobe Acrobat Reader DC available as a free download from <https://get.adobe.com/reader/>

Manual Entry — Filling Out the Form by Hand

A copy of the Registration Form may be printed and completed by hand. Please return all three pages of the completed Registration Form with payment(s) to the Registrar.

Electronic Entry — Filling Out the Form Electronically

DOWNLOAD to Fill Out Electronically

Do not fill out the Registration Form without downloading to your computer

The Registration Form was designed to be completed electronically. This is best accomplished by **downloading** the Registration Form PDF file and opening it with **Adobe Acrobat Pro** or **Adobe Acrobat Reader**, which will support all of the advanced features of the form.

Using PDF Applications

If using **Adobe Acrobat Pro** or **Adobe Acrobat Reader**, you can type into all text fields and use the check boxes. In addition, the form will automatically calculate and total fees on page 3 of the Registration Form.

Some other computer programs may allow you to type in a text field, but may not let you use the check boxes and/or the auto-calculations of fees on page 3 of the Registration Form. If auto-calculation is not supported, all values and calculations must be manually entered.

For Macintosh users, please note that *Preview* does not support the auto-calculation features of the Registration Form. The use of **Adobe Acrobat Pro** or **Adobe Acrobat Reader** is strongly recommended.

Remember to save any changes you make or they will be lost.

From the *File* menu, select either *Save* or *Save as...*

In the past, we have occasionally received blank registration forms because changes were not saved.
