

Noronto Reunion 2026

Guide to Filling Out the Noronto Reunion Registration Form

The Registration Form was designed to be completed electronically. This is accomplished by downloading the Registration form. If you do not download it will not work. A great number of computers already have applications that will support the advanced features of this form — **Adobe Acrobat or Adobe Acrobat Reader**. If your computer has one of these applications, you can type into all text fields and use the check boxes. In addition, the form will automatically calculate and total fees on page 3 of the Registration Form.

Adobe Acrobat Reader is available as a free download from <https://get.adobe.com/reader/>

Some other computer applications may allow you to open the registration form and type in a text field, but may not let you use the check boxes and/or the auto-calculations of fees on page 3 of the Registration Form. If auto-calculation is not supported, all values and calculations must be manually entered.

For Macintosh users, please note that *Preview* does not support the auto-calculation features of the Registration Form. The use of **Adobe Acrobat Pro** or **Adobe Acrobat Reader** is strongly recommended.

Filling Out the Form by Hand

A copy of the Registration Form may be printed and completed by hand. Please return all three pages of the completed Registration Form with payment(s) to the Registrar.

After filling out the Registration Form ... SAVE!

Remember to save any changes you make or they will be lost.

From the *File* menu, select either *Save* or *Save as...*

A PRO TIP: after saving your completed Registration Form, close the file, and then reopen it and ensure that all field entries are saved.

In the past, we have occasionally received blank registration forms because changes were not saved.

For computer applications that can handle the auto-calculations fields:

Type values into fields indicated by the red boxes and press *Enter* or *Return*. Totals will be automatically tabulated and will not exceed the weekly maximum.

Family Maximum/Rate Check Boxes – Check these boxes for *Family Maximum/Rate* options. Must meet the *Family Maximum* criteria (see **Family Maximum* box at top left of this page).

Family Maximum/Rate fields – values for these fields are automatically entered when a *Family Maximum* or *Rate* box is checked. Manually entered values will be discarded.

Auto-calculation fields – values for these fields will be automatically calculated. Manually entered values will be discarded.

Registration: For insurance purposes, everyone in your group must be registered;
