She was a witness to many of the early events in Kirtland, Far West, and Nauvoo. Marietta immersed herself into the Reorganization for over fifty years. • Her educational background prepared her to take an active role in the publication committee for the Inspired Version of the Bible. She was a relentless supporter of education materials for youth and adults, often promoting her ideas while editing and writing for several church publications. • In 1895, her educational vision for all became a reality with her generous donation of Iowa farmland for the establishment of Graceland University. • Register at historicalsitesfoundation.org
