Finances

Ziontario is in a \$30,000 deficit for the 2024 year. The reason for this deficit is due to a decrease in donations, losing one of our largest renters because of the church's beliefs, and also to unexpected repairs. A new dishwasher was needed as well as a new furnace system for the colder months. The Old Dorm was being treated for mould. A mould specialist team came in and they discovered many of the mattresses and all the drapes needed to be removed. The drapes were replaced by a wonderful volunteer team that spent at least two weekends sewing them.

Fundraising

An email went out to Pastors and congregations regarding fundraising ideas for Ziontario. Some of those ideas included: a plant sale, yard sale or online garage sale, bake sale, fundraising Meal, talent/Music show etc. During the 60th Anniversary Celebration at Ziontario, there will be merchandise to purchase as well as a free will donation meal.

What's Next?

At this time, nothing has been decided due to the deficit, however, ideas have been brought forth. More to follow in future editions.
